

Mount your MO8 Division Plaques

3

5

6

1: Normally Mounted by hanging on a nail in the slot.

2: Mount Cup Hooks 13" apart on 8' x 3/4' wide x 1/4' thick pine trim. Lowes \$3.50 per length.

3: Steelworks Systems hook assortment S3 from Lowes Cost is about \$3

4: Screw an eye hook centered in thickness. Mount 2-1/16" from left side as shown. (For Balance)

5: and 6: Final result.

Note: Drill a pilot hole in trim and plaque before screwing hooks in to avoid splitting and easier insertion.

Notes:

Total cost for wood trim and hook package less than \$20 from Lowes. (32' trim and hook package).

Stain wood to match wall and nail to studs.

If you are hanging a diferent plaque, hang on nail first in slot to find center of balance.

Now your plaques can be moved easily and won't fall off the wall if disturbed. PS: you can place team pictures on the back of the plaques.
